

Flow Map

Matching needs to services

With your **team** draw your t
with **useful information** about

A large grid of dotted lines forming a coordinate system for drawing. The grid consists of a vertical line on the left, a vertical line on the right, and several horizontal lines. The space between these lines is intended for drawing a flow map.

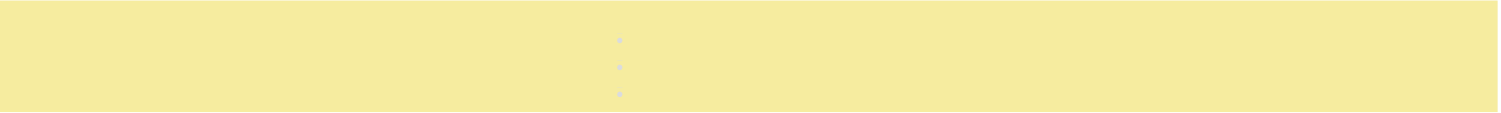

able on the grid, and fill it in
ut your customers and services.

Write **category headin**
such as their **needs a**

The image shows a large grid for notes. At the top, there is a solid yellow horizontal bar. Below this bar, the page is divided into a grid by dotted lines. The grid consists of 4 columns and 6 rows. The first column is significantly narrower than the other three columns. The grid is currently empty, intended for users to write category headings and customer needs.

ings along on the top for **useful information** about the customers, and what they want. Eg. 'Most Used Services', 'Surprising Facts'.

A large grid of dotted lines on a white background, with a yellow header bar at the top. The grid consists of 10 columns and 10 rows of dotted lines, creating a grid of 100 cells. The yellow header bar is at the top of the page, and the dotted lines are evenly spaced.

A large white area with a dotted border, intended for writing or drawing.
