

# The Uber Plan

This tool is good for working in groups to plan the stages of a journey, agree where they want to get to and think about what could happen along the way.

### The Uber Plan

TEAM

Use the stickers to show the conditions or circumstances of your journey.

Draw a line representing the "terrain" of your journey.

The summit represents your goal.

Why not to use this space as a timeline or to write observations?

START

Bay Health & Care Partners delivering better care together

This tool was co-designed by partners of the Bay Health & Care Partners working with Leapfrog, a research project based at Lancaster University

## Suggestions for use

Host a Vision Day for an organisation to create a long-term strategy to consider challenges and resources. Agree what the summit is, how will you know when you've arrived?

For community groups to plan a project together. Who can lead different part of the project? What individual or group challenges exist? When will the going get hard, what will be enjoyable and easy?

Turn this into a 'totaliser' to track fundraising progress to meet a certain target. Chart where contributions have come from.
